

The project

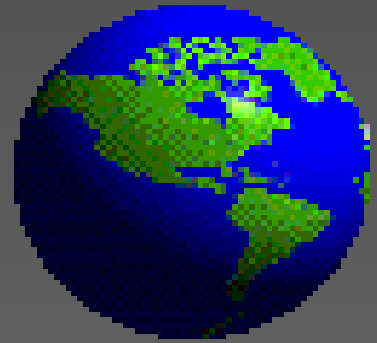

**of MAOU SOSH No. 41, Kaliningrad
Performed student 6 "B" class
Gromozdin Daniel.**

Life in this country 50 years ago

50 years ago the world was
quite different.
different.

Refrigerators were but not all.

The washing machine is not modern TVs were black and white, the vacuum Cleaner was not at all.

People read more books,wrote each other letters and talked a lot.

There were no cell phones, no computers, no microwave ovens, and the car was considered a luxury.
